The elegance of Pinot Noir

PRESENTATION

In the early 2000's Gregory Hecht & François Bannier started a boutique winery in the south of France. Because of their fresh new approach of winemaking and viticulture of the Old Midi, they were quickly seen as La Nouvelle Vague, the « new wave » in such an ancient and traditional region.

Led by their experiences gathered in other regions and countries, they want to make full of fruit wines, produced from organic grapes, bottled without fining, just slightly filtered.

Year after year the wine critics whilst praising their wines, nicknamed them « the wine beach boys » with their surfer looks.

Embracing this old surfers' nickname, Hecht & Bannier have imagined Nouvelle Vague wine range.

THE VINTAGE

The 2024 Languedoc vintage marks a welcome return to freshness and balance, after several years dominated by heat and drought. A particularly wet spring ensured a good supply of water to the soil, while a moderate summer punctuated by thunderstorms allowed the grapes to ripen slowly and evenly. The whites and rosés fared remarkably well: expressive, full-bodied, with fine aromatic purity. The reds, which varied from region to region, showed good potential, particularly where ripening was well controlled. The harvest, on the other hand, is historically low, due to mildew and localised drought. But the quality is there, with precise, digestible and elegant wines.
